Subject: **ITU-APT Regional Seminar on Broadband Wireless Access for Asia & Pacific Region, Busan, Republic of Korea, 10 September 2004**

Dear Sir/Madam,

The Telecommunication Development Bureau (BDT), in conjunction with the Asia-Pacific Telecommunity (APT), is organizing an **ITU-APT Regional Seminar on Broadband Wireless Access for Asia Pacific Region**, which will take place in Busan, Republic of Korea, on 10 September 2004.

Due to its ability to cover wide geographic areas efficiently, wireless technology not only has the potential to become the third broadband pipe into homes in the well served areas, but is beginning to provide the most efficient solution for innovative and high-speed broadband services to consumers in remote and underserved areas. The Seminar will examine the technological, economic and regulatory factors that influence the availability and deployment of wireless broadband services. The event will provide an opportunity for wireless broadband business, technology and regulatory experts to share their knowledge, experiences and views on the future of the industry with ITU and APT attendees.

You are kindly invited to participate in this event. Please find attached the programme of the Seminar which will be conducted in English. All participants are requested to fill in and return the registration form **by 15 August 2004**, at the latest.

All relevant information for participants is posted on our website, at the following address:

<http://www.itu.int/ITU-R/study-groups/was/busan/http://www.itu.int/ITU-D/imt-2000/BDTActivities.html>.

Yours faithfully,

Hamadoun I. Touré
Director
