Dear Sirs,

Most of my professional carier I spent in the field of telecommunication. The major part of it, I spent as a special advisor in the Community of Yugoslav PTT and PTT of Serbia being engaged in the development of fixed and mobile public networks, including the application of national and international regulations, particularly radio-regulation matters. At the international plan, I attended many ITU and GSMA meetings.

Since 1994, I was with Mobtel, the first Serbian mobile operator, working on the introduction and buiding up the public mobile telecommunication network.

Professional Experience:

2003: Project Manager for Stratigic Development, MOBTEL;

1994-2003: Director of Development Department, MOBTEL;

1993-1994: Manager for mobile telecommunications, PTT of Serbia;Belgrade;

1977-1993: Senior Advisor, Community of Yugoslav PTT, Belgrade;

1971-1977: Electronic circuit design engineer, Elektronik Industry, Belgrade;

Education: University of Belgrade degree in Telecommunications and Electronics and various professional courses. Graduated in 1971.

Languages: English and German.

Nationality: Serbian.
