Albert KAMGA
Chief, Computer Unit
Ministry of Posts and Telecommunications
Tel. (Cel) +237 773 57 57 (Office) +237 223 37 78 Fax. +237 223 14 60
E-mail: albert.kamga@ties.itu.int

Mr KAMGA is the Chief of the computer unit at the Ministry of Posts and Telecommunications, Cameroon. He is responsible of the implementation of the information system of the P&T ministry, and technical support for the other ministries. He is particularly involved in the implementation of the core system of e-government in Cameroon (administration of the Public Key Infrastructure – PKI), with the ITU partnership.

Mr KAMGA worked as the head of the operational team of the Adamaoua province (Cameroon) for the Multipurpose Community Telecentres project, and is actually one of the technical staff of that project and many others. At international, he is member of the technical committee for the interconnection of the telecommunications networks in the central African sub-region (Cameroon, Chad, and Central African Republic). He represents Cameroon in many working parties or conferences within the ITU (WRC, ITU-T studies groups 16, 11 and 13 - multimedia systems and terminals, Data networks and Next generation Networks-).

Mr Albert KAMGA is graduated from the National Advanced School of Posts and Telecomunications (Yaoundé, Cameroon) as Telecommunications Engineer in 1999. He also awarded certificates in NGN and approaches to E-government at DGF-KTC (Seoul, South Korea). He has just completed a Master program in systems and networks at the Université Jules Verne de Picardie of Amiens, France.
