Mr. Michel Mitri (Alumni of Youth Forum Asia 2004) is currently working at Murex Systems, Beirut-Lebanon as a technical consultant. He first learnt about ITU-Telecom Youth Forum from his university when he was studying there.

What impressed Mr. Michel Mitri most during the Forum were not only the people he met, but also the Forum itself with all up-to-date technologies. Most of all, he was deeply touched by such a feeling that ITU gave the youth so much support and concern.

“That experience was fantastic!” said Mr. Michel Mitri, who received enormous encouragement and self-esteem in developing his career as well as pushing himself to work towards the ICTs development in his own country and worldwide.

To show his gratitude to the ITU and its concern of youth issues Mr. Michel Mitri proposed himself to contribute on voluntary basis to moderate on-line Forums organized through ITU-Young Leaders in ICTs Network.

“Youth Programme is grateful for his efforts towards sharing experience and motivating young people all over the world to improve their knowledge and involvement in ICTs issues.”
