Mr. Fadi Siam (Alumni of Youth Forum Asia 2004) is currently a 4th year student majoring in Accounting at Birzeit University in Palestine. He learnt about ITU-Telecom Youth Forum from Birzeit Technology Unit (BIT) of his university. Due to the fact that the conference deals with IT, which is such an important thing in his life, Mr. Siam applied for, and got the opportunity to participate in, it in 2004.

The particular activity had such a great influence on him that Mr. Siam even changed his major study because of the experience he got. After the Forum, Mr. Fadi Siam submitted through the ITU-Arab Regional Office a youth project entitled “Entertainment Education”, aimed at increasing the knowledge in ICTs of the Birzeit-University students.

“I would like to thank ITU for this great opportunity. I hope I would have the pleasure to participate in one of such events in the future.” Said Mr. Fadi Siam.
