Dear Mr. Ciccorossi,

The Administration of the Principality of Liechtenstein extends its sincere thanks for your letter in Ref 5).

In accordance with Annex 1 of Resolution 8 (WRC-23), we are pleased to submit the required deployment information for satellite systems 3ECOM-1 and 3ECOM-3, enclosed with this correspondence.

For your convenience, we have provided separate Excel sheets detailing the apogee and perigee distances of the space stations. We also confirm that the operation of our notified frequency assignments, based on the submitted orbital characteristics, remains consistent with the originally notified orbital plane.

The Administration of Liechtenstein remains at your disposal for any further inquiries regarding this matter.

Best regards,

Silvio Giorgetta
Deputy Director
