Subject: Submission of Coordination Request for NSS-G10-95E (95E) satellite network

Dear Sir, Madam,

With this letter, the Administration of The Netherland is submitting the Appendix 4 information containing the necessary information for frequency assignments in the coordination request of the NSS-G10-95E satellite network.

The Appendix 4 information and GIMS database have been checked using the ITU validation software (Space Validation Version 10.0.4). No fatal errors were identified during both checks.

We kindly request that the Bureau provide confirmation of receipt of the above said Appendix 4 information as well as initiate the publication and coordination activities for the frequency assignments of the submitted satellite network as described in the relevant procedure of the RR.

We remain at your disposal for any clarification required on the submission.

Yours sincerely,
on behalf of
The Minister for Digital Economy & Sovereignty,

R. A. Huiskens
Head of Transport and Aerospace
Dutch Authority Digital Infrastructure
