

# ITU-T Workshop “Opportunities and Challenges in Home Networking”

CV

Geneva, 13 – 14 October 2005

---

Toby Nixon  
UPnP Steering Committee Chairman

Session: **2: Home Network Architecture and Technologies**  
Title of Presentation: Seamless home networking using UPnP and DLNA technologies

---

Toby Nixon chairs the Steering Committee of the UPnP Forum ([www.upnp.org](http://www.upnp.org)), an association of over 760 companies worldwide, founded in 1999, that develops standards for network-connected devices. A program manager in the Network-Connected Devices group at Microsoft, his thirty years experience in software and communications includes contributions and leadership in many organizations such as ITU-T, ISO/IEC, ETSI, ANSI, TIA, IETF, ECTF and IMTC. Toby is a Senior Member of IEEE. He also serves in the Washington State Legislature, where he is a member of the House Committee on Technology, Energy and Communications.
