

GENEVA PALEXPO has its own HOTSPOT available to exhibitors and visitors. This has the advantage that it covers the whole site, including a part of the park.

# HOT SPOT

## WIRELESS INTERNET ACCESS

ORGEXPO WiFi Service offers the User in possession of a Personal Assistant or of a compatible WiFi computer a wireless internet connection.

The WiFi service includes basic internet access functions (World Wide Web) and the forwarding of electronic messages.

This service does not include the supply of a mailbox nor the housing of WEB pages.

ORGEXPO does not guarantee communications with company nets. The user must therefore check himself the technical possibility to get connected to his company's private net.

### CONFIGURATION

The WiFi service is accessible from any portable computer having the following configuration :

- Windows XP or Windows 2000,
- WiFi fittings or equipped with a PCMCIA card in conformity with the IEEE 802.11 b/g standard,
- Internet Explorer navigator from version 4.67 or Netscape Communicator from version 5.5 or another compatible navigator.
