

# ITU-T Workshop

## “Mobile Telecommunications and Fixed/Mobile Convergence – the realities going forward”

### Abstract

Kyiv, 12 – 14 September 2005

---

Speaker:	UDO SCHICK T-SYSTEMS, GERMANY
Session:	2.3: Case Studies on Mobile Networks in a Fixed-Mobile Convergence World
Title of Presentation:	Case Study: WiMAX

---

The presentation shows a view on a running pilot installation of a WiMAX-Platform.

The presentation will give some comments on the expertise and experience of the involved persons and the used tools for this pilot installation. Additionally it will be announced what can WiMAX be used for. Some remarks will be done on the difference to directional radio, GSM and the usage of narrow band varieties.
