

ITU-T IPv6 Workshop

CV

Geneva, 22-23 June 2005

GEOFF HUSTON
APNIC

Session: 1.4 Ipv6 Resource Management

GEOFF HUSTON holds a B.Sc. and a M.Sc. from the Australian National University. He has been closely involved with the development of the Internet for many years, particularly within Australia, where he was responsible for the initial build of the Internet within the Australian academic and research sector. He is author of a number of Internet-related books, and is currently the Senior Internet Researcher at APNIC, the Regional Internet Registry serving the Asia Pacific region. He has served as executive Director of the Internet Architecture Board and as Chair of the Board of Trustees of the Internet Society.
