

ITU-T NEXT GENERATION NETWORKS WORKSHOP
IN COLLABORATION WITH IETF

CV

Geneva, 1 – 2 May 2005

Leen Mak, Lucent Technologies

Session: 4: Network Management

**Title of
Presentation:**

Leen Mak is with the Global Strategic Standardization department of Lucent Technologies. Before, he worked with Philips, AT&T, and Lucent, in circuit design, systems engineering and product management. He graduated from the HTS voor Radiotechniek en Electronica in The Hague, The Netherlands, in 1972. Leen is active in NGN Management standardization as vice chair of the NGN Management Focus Group and as vice chair of ETSI TISPAN WG8. He is also chair of ITU-T Working Party 1/4 and Rapporteur for ITU-T Q.3/4.
