Subject: **ITU Centres of Excellence face-to-face training on Network and IT Security, 14-15 September 2015, Chemnitz, Germany**

Dear Sir/Madam,

I am pleased to invite your organization to participate in the face-to-face training on “**Network and IT Security**” to be held in Chemnitz, Germany on 14-15 September 2015. This face-to-face training is organized jointly by the International Telecommunication Union and the Technische Universität Chemnitz under the auspices of the ITU Centres of Excellence for Europe. The training will be delivered in English.

The course is designed for managers, engineers and employees from regulators, government organizations, telecommunication companies and academia, who are interested in the development, implementation and regulation of secure data network infrastructures.

At the end of the training, the participants should have gained an understanding of typical threats and pitfalls in predominantly Ethernet and IP based data networks and should be able to apply common design and configuration strategies to harden data network infrastructures without supervision.

Detailed information on this training is described in the training outline which can be downloaded from the ITU Academy Portal at the following link <http://academy.itu.int/>.

Registration for the training should be made online at the aforementioned link no later than 1 September 2015. Payment details are specified in the training outline.

Please note that Mr. Jaroslaw Ponder ([eurregion@itu.int](mailto:eurregion@itu.int)), Coordinator for Europe Region is at your disposal should you require any further information.

Additional information on this training, such as an information note for participants, including a list of recommended hotels, is available at the ITU Academy Portal at <http://academy.itu.int/index.php/events>.

We look forward to your active participation and invaluable contribution.

Yours faithfully,

[Original signed]
