economies in transition)  
Resolution 99 (Rev. Dubai, 2018)

**Subject: Designation of focal points responsible for validating ITU fellowship applications**

Dear Sir/Madam,

The Plenipotentiary Conference (Dubai, 2018) adopted Resolution 213 on measures to improve, promote, and strengthen ITU fellowships. Pursuant to this resolution, the ITU Council in November 2020 approved a revised policy for fellowships, along with a revised list of Member States eligible for fellowships.

To implement these decisions, and in order to improve our fellowship service to our Member States, an online management system has been developed to facilitate the submission of fellowship applications through national designated focal points.

In this regard, I would be grateful if your administration could confirm the current focal point or designate a focal point responsible for validating fellowship applications for ITU events and activities for which fellowships are offered. Please provide his or her **full name, title or function, e-mail address and telephone number**. This information should be sent in an official letter via e-mail to: [fellowships@itu.int](mailto:fellowships@itu.int) or by fax to: +41 22 730 57 78 by **30 September 2021**.

Yours faithfully,
