Framing Questions for Discussion

1. Review of Strategic Plan, Buenos Aires Action Plan and 4-year rolling plan

- a. Where has BDT excelled in building on the "One-ITU" framework, and where is there need for improvement?
- b. How well is BDT on track quantitatively meeting objective targets?
- c. Which adjustments are recommended to better align with the strategy?
- d. What are the recommendations to reduce duplication with other Sectors?
- e. How should we coordinate with TDAG-WG-Prep to align our position on regional initiatives?

2. Proposals for ITU-D contribution to ITU strategic plan (2024-27) and draft Operational Plan

- a. What products and services portfolio will help us attract and retain partners to achieve those goals set out in the Action Plan, the Connect 2030 Agenda and the ITU strategic targets, and which organizations (including UN-related agencies, industry, civil society, among others) should be targeted for multi-stakeholder cross-sectoral cooperation?
- b. How should BDT streamline, consolidate and prioritize its offering to make the best use of available resources?
- c. What competition is expected and how should BDT adapt strategically for a competitive advantage in this environment?
- d. What specific objectives, outcomes and outputs should be envisioned to pave the way for universal, affordable, accessible and trusted connectivity by 2030?
