DRAFT REGIONAL INITIATIVES FOR CIS

2026-2029

REGIONAL INITIATIVES

EXPECTED RESULTS

New and Emerging ICTs

Education and Digital Skills,
including for People with
Disabilities and Specific Needs

Security, including
Anti-Fraud

ICT Regulation

AI

Spectrum and Orbital Resource
for Implementation of the New
and Emerging ICTs

Green ICTs

Telecommunication/ICT for
metaverse

Digital Literacy and
Skills for People
with Disabilities
and Specific Needs

Application of
metaverse, including
for People with
Disabilities and
Specific Needs

Network of
educational
enterprises for
PwD

Regional
educational
platform on
broadcasting and
content-creation

Capacity building
in the field of
satellite
communications

ICTs to counter
economic
crimes

Protection of
critical information
infrastructure

CIRT

Capacity building in the
field of cybersecurity

Regional Approach to
Digital Transformation

Regulatory frameworks
on AI and metaverse

Regional system for
IT-parks development

Regulatory frameworks
on NGSO systems

AI for Increase the
QoL for PwD, including
for ones with Autism
Spectrum Disorder

Digital AI- and
BigData- based
platforms for
measurement

AI for monitoring of
climate changes and
ecological parameters

Regional branch for AI
for Good platform

THANK YOU
