

**Mr Simon Hess**

*Head Monitoring & Evaluation, Enhanced Integrated Framework (EIF)*

Mr Simon is the Head of Monitoring and Evaluation for the EIF and the focal point in the EIF for thematic issues related to the 2030 Development Agenda, Agriculture and SPS/TBT issues. Bringing more than 15 years' experience in trade and development across Africa, Asia and the Pacific, Simon has worked as an advisor with the Government of Lao PDR and as a director of an international development firm based in the UK and South Africa. Having spent most of his life in Africa, studying in South Africa and Canada, Simon has a Masters' degree in Economics focused around award winning research on industrial development and trade. Amongst other areas, Simon has worked on regional integration, sustainability certification, and practical trade support. He continues research in areas such as the future direction for Aid for Trade.
