

Mr Lucas Binnah Koomson

GIFEC Training Instructor

Lucas Binnah Koomson is an IT Support Engineer with a Bachelor's degree in Telecommunication Engineering. His passion for TECH began after his Senior High Education, since that time Lucas has made it his ultimate goal to nurture and train many young people and individuals in TECH as possible. His biggest achievements have come from collaborating and leading 3 people to train over 35 young persons as drone pilots, computer hardware engineers, and graphic and web designers, training individuals in TECH during GIFEC's DTC Training and Capacity Building and Awareness projects as part of the institution's agenda to bridge the digital gap, and representing Ghana as a DTC beneficiary through GIFEC and the MOC at the Generation Connect Global Youth Summit in Kigali, Rwanda
