DIGITAL TRANSFORMATION CENTRES FOR DIGITAL SKILLS TO ATTAIN MEANINGFUL CONNECTIVITY

PRESENTATION BY:

LUCAS BINNAH KOOMSON

DTC FACILITATOR (GIFEC)

THE CIC MODEL AND HOW THEY HELP TO CREATE ENABLING ENVIRONMENT FOR MEANINGFUL CONNECTIVITY

- The Community ICT Centers (CICs) model.
- How they help create the enabling environment for meaningful connectivity.

  - The DTC
  - Girl's in ICT
  - The ISEWE & Others

CHALLENGES FACED WHILE CREATING ENABLING ENVIRONMENT FOR MEANINGFUL CONNECTIVITY

- Limited Digital Literacy And Skills
- Infrastructure Gaps Such As Stable Internet Access And Electricity And Affordability Issues.

COMMUNITY IMPACTS (RESULTS)

1. The use of Visual Learning incorporated by teachers who have passed through the DTC programme in Rural communities.

2. Through the Capacity Building programme, many young people have developed an interest in TECH and have reconsidered their career paths and options.

3. For the other individuals (Small business owners, youth and marginalized groups), we have impacted the way they communicate. Also, we have how they can use their smartphones and other tools to access information and educate themselves on other processes that will improve their businesses and setups.

COMMUNITY IMPACTS (RESULTS)
