

# Universal Service Policies

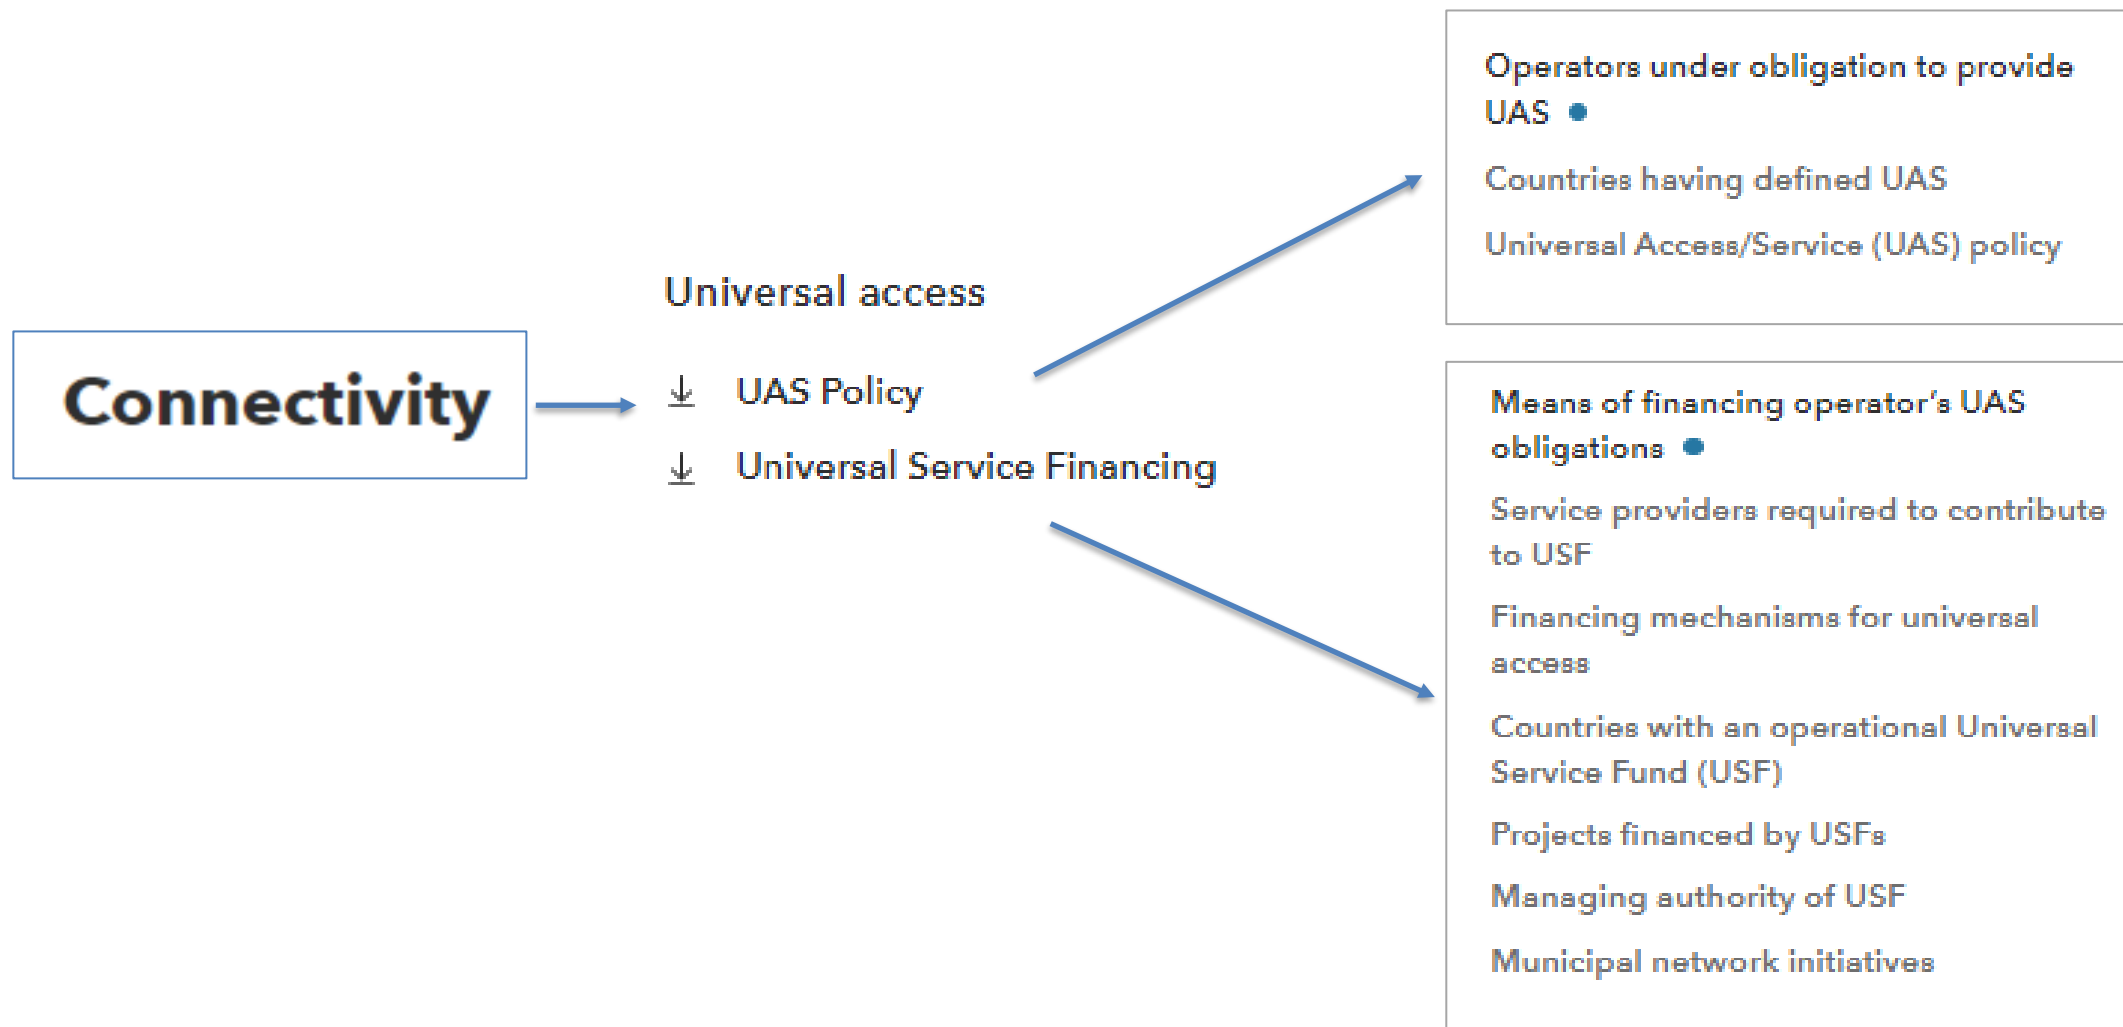

## ITU DataHub

- The ITU DataHub is the world's richest source of ICT statistics and regulatory information
- It features hundreds of ICT indicators on **connectivity, affordability, markets, governance, trust and sustainability** for nearly 200 countries.
- It counts with data from ICT Statistics surveys, ITU Regulatory Survey and ITU Tariff Policies Survey

A screenshot of the ITU DataHub website interface. At the top left is the ITU logo and the text 'DataHub'. Below this is a search bar with the placeholder text 'Select an indicator or dashboard' and a right-pointing arrow. The main content area features a large heading: 'The world's richest source of ICT statistics and regulatory information'. Below the heading is a paragraph of text: 'Track the digital transformation with the ITU DataHub, featuring hundreds of ICT indicators on connectivity, markets, affordability, trust governance, and sustainability. Find, compare, and download data for nearly 200 economies.'
