

JOYCE WEMA ISA-MOLWANE

Joyce Wema Isa-Molwane joined the Botswana Communications Regulatory Authority (BOCRA) in December 2017 and is the Director of Legal, Compliance and Secretary of BOCRA. Her portfolio covers overseeing and ensuring good corporate governance, compliance oversight of regulated entities and legal advisory services to the business and BOCRA and Universal Access and Service Fund (UASF) Boards.

Ms. Isa-Molwane contributed to the National E-waste Monitor Botswana in partnership with the ITU and UNITAR. Her regulatory work supports the National E-waste Management Strategy for Botswana, promoting structured recycling and viewing e-waste as a green economic resource. She has further engaged in workshops and consultations to advance e-waste and sustainability strategies: such as the ITU-BOCRA Consultation Workshop on E-Waste Management, addressing the e-waste situation and quantification in Botswana as well as the SustainaBiz ESG Board and Corporate Roundtable Masterclass, instructing executives on integrating ESG principles and circular economy models.

She was also a speaker at a workshop organised by EU AfricaRise in collaboration with ITU on Transformation through Circular Economy and Extended Producer Responsibility in 2023 and speaker at Botswana Sustainability Week 2025.

Joyce works closely with the BOCRA CSIRT team, which currently provides national cyber security and incident response services and contributes towards implementation of the National Cybersecurity Strategy of Botswana. She was also contributor towards the development of Cybersecurity legislation in Botswana.
