

SOLANGE GHERNAOUTI

Solange Ghernaouti is an international expert in the field of cybersecurity, cyberdefence and artificial intelligence. Honorary professor at the University of Lausanne, first woman professor of her faculty, she holds a PhD in Computer Science and heads the Swiss Cybersecurity Advisory & Research Group and the Cyberworld Research Institute - SGH Foundation. Her research integrates the political, socio-economic, human, legal, philosophical, managerial and technological dimensions of cybersecurity. She is a pioneer of a transdisciplinary and global digital risks governance approach.

As an independent expert, she is a regular contributor to national and international media, as well as to UN and governmental agencies and private organizations.

She is a member of the Swiss Academy of Technical Sciences, the Swiss Commission for UNESCO and is regularly ranked as one of the Swiss leading scientists. She is “Chevalier de la Légion d'Honneur” and the author of some forty scientific and popular science books written in French or in English, some have been translated in several languages.
