

PAUL KALOKI MUTUKU

Telecoms Monitoring & Inspection (Seconded to ICT) at the Communications Authority of Kenya (CA)

Mr Paul Kaloki Mutuku is a telecommunications and ICT professional serving as an Officer Telecoms Monitoring & Inspection (Seconded to ICT) at the Communications Authority of Kenya (CA). He holds a Bachelor of Science in Electrical and Electronic Engineering and a Bachelor of Science in Telecommunications and Information Engineering, both from Jomo Kenyatta University of Agriculture and Technology (JKUAT), and a Master of Business Administration (MBA) from United States International University-Africa (USIU-Africa).

Paul has extensive experience in telecommunications regulation, broadband infrastructure, network inspections, digital connectivity, and project management. He has contributed to several national initiatives aimed at expanding digital access and accelerating Kenya's digital transformation agenda.

He has been actively involved in two major ITU-Giga initiatives focused on advancing school connectivity. As a participant in the ITU-Giga Last Mile School Connectivity Planning Fellowship, he collaborated with international experts on strategies for connecting unserved and underserved schools. He has also supported Giga school connectivity planning and analysis activities, promoting data-driven approaches to broadband deployment in the education sector.

Additionally, Paul serves as a Project Coordinator for the Digital Hubs Programme Kenya, supporting the rollout of community digital hubs that enhance digital skills, innovation, access to services, and socio-economic development. His professional interests include digital infrastructure, universal connectivity, broadband networks, and sustainable digital development.
