Addendum 1 to
Administrative Circular
CA/147

23 May 2005

To ITU Member States of Region 1 and to the Islamic Republic of Iran and to Radiocommunication Sector Members from these Member States

Subject: First meeting of the Intersessional Planning Group (IPG), Geneva, 4-8 July 2005, in respect of the second session of the Regional Radiocommunication Conference for the planning of the digital terrestrial broadcasting service in parts of Regions 1 and 3 in the frequency bands 174-230 MHz and 470-862 MHz (RRC-06)

As already announced, the first meeting of the IPG will be held in the ITU headquarters, notably in Room B, which has a capacity of 240 seats. In view of the limited capacity of Room B, each Member State will be provided with a maximum of three seats per delegation in Room B. In addition, Room A (80 seats) will be adapted with listening facilities for following the meeting proceedings that will be conducted in Room B. Therefore, a number of the participants will be accommodated in Room A (notably, participants from the large delegations and representatives of Sector Members).

Some Sector Members, who indicated their interest in attending the IPG, asked the Bureau about the possibility of providing audio webcasting of the proceedings of the IPG, which would alleviate the need to send their own representatives to the IPG. After reviewing the matter, and in view of the relatively low cost of providing this service, the Bureau decided to provide audio webcasting of the IPG proceedings, in accordance with the possibilities currently available in Room B (English, French, Spanish and floor). Therefore, TIES registered users will be in a position to follow the IPG proceedings, through the RRC website, using their TIES accounts.

Valery Timofeev
Director, Radiocommunication Bureau

Distribution:

- Administrations of Member States of the ITU
- Radiocommunication Sector Members
- Chairmen and Vice-Chairmen of Radiocommunication Study Groups and the Special Committee on Regulatory/Procedural Matters
