Corrigendum 2 to
Addendum 1 of
Administrative Circular
CA/226

26 July 2017

To Administrations of Member States of the ITU and Radiocommunication Sector Members

Subject: **Preparation of the draft CPM Report to WRC-19**

Following the recent meetings of Working Parties 4A and 4C, the CPM-19 Chairman was informed by the Chairmen of Working Party 4C and Study Group 4 of a request to add Working Party 4C as contributing group to WRC-19 agenda item 7.

Taking into account the specific aspect of the on-going development of issues under WRC-19 agenda item 7, a Note 1 is also added to cover the possibility for other Working Parties dealing with space service issues to be also involved in this agenda item, in order to avoid the need to issue in the future other corrections for this reason to the allocation of ITU-R preparatory work for WRC-19.

As a result of the consultation and agreement by the members of the CPM-19 Steering Committee and the Chairmen of the ITU-R Study Groups and responsible Groups for the WRC-19 agenda items, please find in the Annex to this Corrigendum 2 to Addendum 1 of Administrative Circular CA/226 the updated table on the allocation of ITU-R preparatory work for WRC-19. The proposed detailed structure for the draft CPM Report to WRC-19 has been revised accordingly and can be found at the following ITU web address: www.itu.int/oth/ROA0A00000A.
