

Radiocommunication Bureau (BR)

Corrigendum 2 to
Circular Letter
5/LCCE/80

24 March 2020

**To Administrations of Member States of the ITU, Radiocommunication Sector Members,
ITU-R Associates participating in the work of Radiocommunication Study Group 5 and
ITU Academia**

Subject: **Questionnaire on the use of frequency bands 457.5125-457.5875 MHz and
467.5125-467.5875 MHz by on-board communication stations in the maritime
mobile service**

References: **Radio Regulations No. 5.287, Recommendation [ITU-R M.1174-3](#)**

I would like to bring your kind attention to Circular Letter [5/LCCE/80](#) dated 26 November 2018 and Corrigendum 1 dated 14 December 2018 concerning Questionnaire on the usage of the frequency bands 457.5125-457.5875 MHz and 467.5125-467.5875 MHz by on-board communication stations in the maritime mobile service.

It is important to note that, an overview of national regulations governing the use of the frequency bands by on-board communication stations in the maritime mobile service, will provide essential information for ITU-R Working Party 5B to develop appropriate measures to avoid risk of harmful interference between incumbent and new systems within the territorial waters and the violation of national regulations.

As of 20 March 2020, the Radiocommunication Bureau has not received enough replies to provide sufficient information to progress study in this field. Due to the postponement of the meeting of Working Party 5B until 20-30 July 2020, the deadline for submission is extended until **30 May 2020**. The Bureau hereby kindly reminds its request to reply to the questionnaire as included in the above-mentioned Circular letter if the information requested is available. Responses to this questionnaire should be sent to brsgd@itu.int.

The contact person from the Radiocommunication Bureau for this matter is:

Dr Vadim Nozdrin, Working Party 5B Counsellor, vadim.nozdrin@itu.int

A handwritten signature in blue ink, appearing to read 'Mario Maniewicz'.
