Subject: Adoption of 7 draft new Recommendations, 1 draft revised Recommendation and 1 draft modified Recommendation by Study Group 6 in accordance with § 10.2.3 of Resolution ITU-R 1-4 (Adoption by a Study Group by correspondence)

At the meeting of Radiocommunication Study Group 6, held on 6 and 7 May 2004, the Study Group decided to seek adoption of 7 draft new Recommendations, 1 draft revised Recommendation and 1 draft modified Recommendation by correspondence, according to § 10.2.3 of Resolution ITU-R 1-4 (Adoption by a Study Group by correspondence). Enclosed with this letter are the English versions of the draft Recommendations, as revised at the meeting of Radiocommunication Study Group 6.

In accordance with the provisions of § 10.2.3 of Resolution ITU-R 1-4, the consideration period will extend until four weeks after the texts of the draft Recommendations become available in the remaining working languages of the Union. An Addendum to this letter, enclosing the texts of the draft Recommendations in the remaining working languages, will indicate the precise date at which the consideration period will end. If no objections are received from Member States during the consideration period, the approval by consultation procedure of § 10.4.5 of Resolution ITU-R 1-4 will be initiated. However, any Member State who objects to the continuation of the approval procedure for a draft Recommendation is requested to advise the Director of the reason and to indicate possible changes to the text in order to resolve the problem.

Any ITU member organization aware of a patent held by itself or others which may fully or partly cover elements of draft Recommendation(s) proposed for adoption is requested to disclose such information to me, in no case later than the date scheduled for adoption of the Recommendations in this Circular Letter. The "Statement on Radiocommunication Sector Patent Policy" is contained in Annex 1 of Resolution ITU-R 1-4.
