

Mr. Philippe Aubineau is Counsellor at the Radiocommunication Bureau (BR) of the International Telecommunication Union (ITU). He is responsible since June 2006 for ITU-R Study Group 1 on Spectrum Management, the Special Committee on regulatory and procedural matters and the Conference Preparatory Meeting for the World Radiocommunication Conference (WRC). Previous to taking up his current duties, he worked as radiocommunication engineer at the France Telecom research center where he was in charge of international frequency planning, coordination and registration for satellite networks. He then joined the Space Services Department of the BR. Since 1995, he participated with increasing level of responsibility in all the WRCs which review and revise the Radio Regulations – the international treaty governing the use of the radio frequency spectrum and the satellite orbit. He was Executive Secretary of WRC-12. Philippe Aubineau graduated from the University of Nice-Sophia Antipolis.
