Subject: **World Telecommunication Standardization Assembly (WTSA-20)**
(1 to 9 March 2022)
Global Standards Symposium (GSS-20) (28 February 2022)

Dear Sir/Madam,

Further to DM letter [DM-20/1018](#), [DM-21/1003](#) and circular letter [21/6](#), and as agreed during the Virtual consultation of councillors 2021, I have consulted with the Indian Administration regarding the ongoing restrictions on work and travel due to the COVID-19 pandemic. I have to inform you that, as a result of these continued restrictions, the Indian Administration has withdrawn its invitation to hold the WTSA-20. Therefore, the next WTSA will be held from 1 to 9 March 2022, preceded by the Global Standards Symposium (GSS-20) on 28 February 2022, both in Geneva, Switzerland.

I wish to express my gratitude to the Indian Administration for offering to host WTSA-20, for its cooperation and flexibility in adapting to COVID-19, and for proposing the fall-back option to hold WTSA in Geneva at the same dates.

In accordance with Resolution 169 (Rev. Dubai, 2018), I therefore have great pleasure in hereby inviting your Organization to participate in a non-advisory capacity at WTSA-20 and at GSS-20.

Under separate cover you will soon receive the relevant Circular of the Telecommunication Standardization Bureau (TSB) containing information on the organization and arrangements of WTSA-20 and GSS-20.

In line with ITU gender equality and mainstreaming policy and Resolution 198 (Rev. Dubai, 2018) on empowerment of youth through telecommunication/ICT, I would also like to take the opportunity to encourage you to include women and young people in your delegation. As part of my commitments to the [International Gender Champions](#), ITU [reports on the representation of women in all ITU meetings](#)

Yours faithfully,

(signed)

Houlin Zhao
Secretary-General
