## Liste des numéros identificateurs d'entités émettrices pour les cartes internationales de facturation des télécommunications (selon la Recommandation UIT-T E.118)

### Note du TSB

La présente Liste remplace la Liste annexée au Bulletin d'exploitation de l'UIT N° 1088 du 15.XI.2015. Elle contient tous les numéros identificateurs d'entités émettrices (IIN-*Issuer Identifier Number*) enregistrés par l'UIT et qui ont fait l'objet d'une notification dans le Bulletin d'exploitation de l'UIT jusqu'au et y compris le N° 1161 du 1.XII.2018.

Pour information, la mise à jour de cette Liste se fera sous la forme d'amendements numérotés publiés dans le [Bulletin d'exploitation de l'UIT](#). Cette Annexe est disponible en téléchargement gratuit sur le [site web de l'UIT](#).

Le numéro IIN sert à identifier une entreprise de télécommunications dans un pays qui travaille dans un environnement international. D'après la Norme ISO 7812-2, les critères d'acceptation ou de rejet des demandes s'établissent comme suit:

#### "4.3.1 Critères d'acceptation d'une demande d'un seul IIN

Les demandes d'un seul IIN doivent répondre à tous les critères d'acceptation énumérés ci-après et ne doivent satisfaire à aucun des critères de rejet qui figurent en 4.3.2:

- a) le demandeur d'un seul IIN ne doit pas avoir reçu par le passé un IIN attribué à titre individuel (indépendamment d'un comité de cartes);
- b) l'IIN doit être destiné à une utilisation immédiate, de préférence dans les 12 mois suivant sa date d'émission;
- c) la carte émise doit être destinée à une utilisation dans un environnement d'échanges internationaux (voir ISO/CEI 7812-1);
- d) le demandeur doit être une personne morale distincte dans un cadre législatif spécifique.

#### 4.3.2 Critères de rejet d'une demande d'un seul IIN

Une demande d'un seul IIN doit être rejetée par l'autorité de tutelle ou les membres du RMG si l'une des conditions suivantes est vérifiée:

- a) le demandeur n'est pas un émetteur de cartes;
- b) le demandeur a reçu par le passé un IIN attribué à titre individuel (indépendamment de son appartenance à un comité de cartes) dont il fait toujours usage et n'a pas fourni d'informations supplémentaires appropriées justifiant l'émission d'un autre IIN (voir paragraphe 4.2);
- c) les cartes émises par le demandeur ne seront pas utilisées dans un environnement d'échanges internationaux ou intersectoriels;
- d) l'IIN sera utilisé pour identifier ou distinguer des produits, des services ou des technologies (c'est-à-dire, notamment, les cartes de circuits intégrés, mais pas seulement) ou uniquement pour faciliter le routage, ou bien pour identifier un site géographique;
- e) l'IIN sera utilisé pour identifier ou distinguer des agences ou des filiales au sein de l'organisme du demandeur (ces agences ou filiales ne sont pas des entités légales distinctes);
- f) le demandeur a sollicité un numéro spécifique ou la réservation d'un tel numéro dans le registre ou a fait une demande qui n'est pas couverte par la présente section de ISO/IEC 7812;
- g) aucune carte ne sera émise pour un usage immédiat, c'est-à-dire dans les 12 mois à compter de la date d'émission d'un IIN."

L'UIT est l'organisme central d'enregistrement des numéros IIN avec l'identificateur d'activité économique (MII-*Major Industry Identifier*) "89" attribué pour les besoins des télécommunications.

En outre, en vertu du point 4.2 d) de la Recommandation UIT-T E.118, l'UIT perçoit une taxe pour l'attribution et l'enregistrement de chaque nouveau numéro identificateur d'entité émettrice (IIN). Depuis le 1<sup>er</sup> janvier 2018, le montant est fixé à 150 francs suisses.

Pour les entités qui ne sont pas Membres du Secteur de l'UIT-T ou de l'UIT-R, une taxe annuelle de maintenance de 100 francs suisses par numéro enregistré est appliquée à compter du 1<sup>er</sup> janvier 2018. Les entités Membres du Secteur de l'UIT-T ou de l'UIT-R ne sont pas tenues de payer la taxe annuelle de maintenance.

Les demandeurs sollicitant un seul numéro IIN doivent remplir le formulaire d'enregistrement et le soumettre pour accord à leur l'administration nationale des Télécommunications (ou par un organisme de coordination dûment habilité) avant de l'envoyer à l'UIT pour enregistrement, accompagné d'une preuve de paiement.

Les demandeurs trouveront sur le site web de l'UIT ([www.itu.int/en/ITU-T/inr/forms/Pages/iin.aspx](http://www.itu.int/en/ITU-T/inr/forms/Pages/iin.aspx)) le formulaire d'enregistrement destiné à faciliter leurs demandes d'attribution et d'enregistrement, ainsi que des informations complémentaires.

Pour la mise à jour de la liste, les entreprises listées sont priées de faire part de toute modification les concernant et de signaler l'adresse des points de contact à l'UIT, TSB/OBNA, Fax: +41 22 730 5853; E-mail: [tsbtson@itu.int](mailto:tsbtson@itu.int). Les mises à jour doivent être approuvées ou envoyées par l'administration nationale.

Les appellations employées dans cette Liste et la présentation des données qui y figurent n'impliquent, de la part de l'UIT, aucune prise de position quant au statut juridique des pays ou zones géographiques, ou de leurs autorités.
