Communication of 17.II.2011:

BebbiCell AG, Basel, announces the following clarification to its recent communication regarding the country code and associated identification code for networks +882 34.

This network code was assigned in accordance with clause 8 of ITU-T Recommendation E.164.1. These numbering resources will be used exclusively for the aforementioned purposes.

In order to make the new services available, the network code +882 34 needs to be made reachable worldwide.

Thus, all operators are requested to implement this network code.
