

**Kiribati (country code +686)**

Communication of 15.III.2019:

The *Communications Commission of Kiribati (CCK)*, Betio, Tarawa, announces updates to the National Numbering Plan of Kiribati.

**Description of introduction of new resource  
for national ITU-T E.164 numbering plan for country code 686:**

<i>NDC (national destination code) or leading digits of N(S)N (national (significant) number)</i>	<i>N(S)N number length</i>		<i>Usage of ITU-T E.164 number</i>	<i>Time and date of introduction</i>
	<i>Maximum length</i>	<i>Minimum length</i>		
740 22 000 to 740 29 999	8	8	ATHKL SIP IPVPN	13/03/2019
740 81 000 to 740 81 999	8	8	ATHKL SIP IPVPN	13/03/2019

The first range of numbers will expand the current existing number range allocations of (74020000-74021999) 2000 range to a 10000 range (74020000-74029999). So only an additional of another 8000 numbers is needed hence the first 2000 have already existed.

The second range of numbers is a new introduction of numbers to the ATHKL number allocations.
