Title:

Statement on patents on the px64 kbit/s video coding

for audiovisual services

KDD will, upon adoption of such Recommendation by CCITT, grant licenses under its patents on a non-exclusive basis and on non-discriminatory fair and reasonable terms to all users solely for their use in complying with the Recommendation, but on a condition that any such user first express willingness to grant to KDD, for itself and its subsidiaries, similar licenses under such user's patents, if any, for use in complying with the Recommendation.

The grant by KDD will be for licenses to make, have made, use, sell, lease and import any equipment complying with the Recommendation.

As used herein,

"Patents" means patents for inventions made prior to the adoption of the Recommendation which patents are owned or controlled by the grant or (KDD or the user) or its subsidiaries; provided, however, that in no event will any licenses granted pursuant to this commitment include licenses under any patent the use of which is not essential to meeting the Recommendation or which can be avoided by those skilled in the art through the exercise or their best efforts.

"Recommendation" means a recommendation by the CCITT for a preferred algorithm for the px64 kbit/s video coding for audiovisual services.

"Subsidiary" means any corporation, company or other entity more than fifty percent of whose voting shares or outstanding capital stock is owned or controlled directly or indirectly by KDD.
