Switzerland

Dear Mr. Irmer:

General Instrument is pleased to submit the following patent statement:

General Instrument Corporation of Delaware hereby declares that it is prepared to license directly or indirectly its patents, both granted and pending, under reasonable and non-discriminatory terms and conditions, which are necessary to conform to standards as set forth in ITU-T Recommendation H.262/ISO/IEC 13818-2 (MPEG-2 Video) and ITU-T Recommendation H.222.0/ISO/IEC 13818-1 (MPEG-2 Systems) to companies who license their relevant MPEG-2 patents, if any, both granted and pending, to General Instrument Corporation of Delaware.

Sincerely,

Marc L. Tayer
