Re: Patent Licensing Policy

Dear Mr.Th. Irmer:

Nippon Telegraph and Telephone Corporation hereby declares that it is prepared to license its patents, both issued and pending, which are necessary to manufacture and sell implementations using the algorithms covered by the enclosed list of patents in the scope of the proposed Annex H of Recommendation T.30 (Procedures for document facsimile transmission in the general switched telephone network). The license will be granted to an unlimited number of applicants throughout the world under reasonable terms and conditions.

We would like to thank you for your organizational activities as Director as ITU for international standards.

Yours sincerely

Hiroshi Nakayama
