REQUIREMENTS AD HOC GROUP

Resolution 8 – Approval of JPEG2000 Requirements and Profiles document

WG1 establishes an ad hoc group co-chaired by Dr. Touradj Ebrahimi (Swiss) and Mr. Eric Edwards (USA) to finalize and approve Version 7.0 of the Requirements and Profiles document (WG1N2263).

IPR ACTIVITIES

Resolution 9 – IPR related requests from Contributors

WG1 wishes to confirm that in order for the ITU to grant final approval in February 2002 on JPEG 2000 and JPEG LS Part 2 standards, the so called "Final Call" process in the new ITU approval mode, the ITU requires that the final official IPR declaration forms should be submitted for filing to the ITU TSB Director, Mr. H. Zhao, as soon as possible (desired by September 24, 2001 latest). The form of the statement can be found under www.itu.int under ITU-T, IPR-databases. The address is: ITU, TSB Director, Place de Nations, CH-2021 Geneva, Switzerland.

Please note, that currently it is still not sufficient to send the statements to ISO/IEC only. If the statements are not sent to the ITU-T, the names of the respective IPR contributors will be taken off from the relevant standards.

WG1 has identified the following IPR holders, who still need to send IPR statements to the ITU:
