Re: Patent Licensing Policy Re: JPEG 2000 (ISO 15444) Image Coding Standards

Sarnoff is aware of the rules governing inclusion of patented items in international standards of the ISO/IEC Directives, and will abide by those Directives. In particular Sarnoff is willing to grant royalty free licenses to an unlimited number of applicants throughout the world in any Sarnoff controlled patents, both granted and pending, which are necessary to implement the proposed JPEG 2000 (ISO 15444) Image Coding Standards for the purpose of implementing any such standard.

Yours truly,
