

Get connected... **Join ITU-T!**

ITU-T establishes global, interoperable, open standards that foster the seamless interconnection of a vast range of communication systems.

There are many opportunities for ICT and telecoms companies to join in and make a contribution to global standards development, **gaining member-only access to significant work-in-progress before publication.**

Joining ITU is easy:

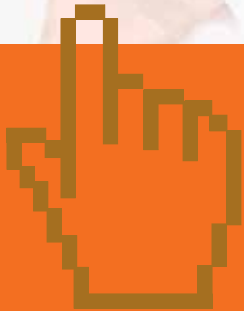

Step 1:

Complete the application form on our website at:
itu.int/members/pdf/application-form.pdf

Step 2:

Send the completed form to ITU:
membership@itu.int

ITU will then seek approval of the application from the relevant government ministry in your country. Once approved, ITU will contact you to confirm your membership and explain how to pay the fees and get started.
