Regional Development Forum 2008
"Bridging the ICT Standardization Gap in Developing Countries"
Brasília, may/2008

Summary about our Experience in the Process of Creating a Recommendation for ITU

Ademir Lourenco,
Project Leader, FUCAPI

Brasília, 2008

About FUCAPI

- Private non-profitable institution
- Initially created to support SUFRAMA
- Currently has more than 1500 employees
- Areas of interest:
  - Education
  - Environment
  - Technology

FUCAPI and IPTV

- FUCAPI today is working on the development of a STB for SBTVD

- FUCAPI is also investing in a project of an hybrid STB for SBTVD-IPTV

- This STB shall support two middlewares: Ginga and a proprietary IPTV middleware

Work at CBC2

- CBC2 – Comissão Brasileira de Comunicações 2

- FUCAPI is member of CBC2 since 2002

- In 2007 FUCAPI took a decision to know more about how the ITU works

- FUCAPI decided to participate of the next meeting from ITU FG-IPTV

ITU Forum: Brasília, 2008

FG-IPTV - Tokyo

- FUCAPI participated of the meetings from WG5 and WG6
  - WG5 – End terminal device
  - WG6 – Middleware

- FUCAPI was invited to include ~~from WG6~~

FG IPTV-DOC-0166
Standards for IPTV Multimedia Application Platforms

- During the meeting FUCAPI supported and explained about Ginga.

- The chapter was accepted and a new topic in the document was created

FG-IPTV - Malta

- Preparation of a contribution to fill in the topics created in Tokyo
- Contribution was created in association with UFPB
- Presentation of contribution in Malta
- Contribution was accepted with minor modifications

Documento do
Microsoft Word

Question 13 / Study Group 16

- Q13/16 - Multimedia application platforms and end systems for IPTV

- Meeting in Malta/2007

- Chapter about NCL was created for a possible recommendation

- Several contacts from companies and persons interested in knowing more about NCL and Ginga

Q13/SG16 and CGI IPTV- Geneva

- New contribution to Q13/16 was presented

- NCL was included in an informative document from Q13/16

- FUCAPI participated of further seminars from CGI

ITU Forum: Brasília, 2008

Next Steps

- Preparation of an article to IEEE about the use of NCL for IPTV Platforms

- Preparation of a Recommendation to ITU proposing the use of NCL for IPTV platforms as an open standard middleware

Thank you!
