

Global Symposium for Regulators 2016

Under the theme “Be empowered, Be included: Building Blocks for Smart Societies in a Connected World”, this year’s programme includes compelling discussions and debate around:

- Artificial intelligence, smart sensors & smart networks
- Digital financial inclusion – the challenges of bringing the unbanked online
- The regulatory road towards the ‘Internet of Things’ and M2M communications
- New digital platforms – empowering or enslaving?
- Privacy, trust and cybersecurity
- Strategies to encouraging digital entrepreneurship

“Our greatest hopes could become reality in the future.

With the technology at our disposal, the possibilities are unbounded.

All we need to do is make sure we keep talking.”

— Stephen Hawking
