

## **Dr. Piyawut Srichaikul - BIO DATA**

Dr.Piyawut Srichaikul is a Bangkok native. He received Bachelor of Science from Chulalongkorn University in 1986. He earned his Ph.D. in solid state physics from Auburn University, Alabama, USA in 1995. Later that year, he joined NECTEC as a researcher in High Performance Computing lab. Currently, he is an acting program director of Knowledge Engineering Technology.

Right after 26 Deember 2004, he and colleagues at NECTEC formed a team to develop and started services of <http://missingpersons.or.th>, an on-line registration services for missing persons due to the tsunami disaster.

This adhoc mission has turned into a continuing R&D project for development of a general missing persons system.
