

SHOGEN, Kazuyoshi received a B.E. degree in electrical engineering, an M.E. degree in information engineering and a D.E. degree from the University of Tohoku, Japan, in 1977, 1979 and 1993 respectively. He joined NHK (Japan Broadcasting Corporation) in 1979. He has been engaged in research on contoured beam antennas for Japanese direct broadcasting satellites in NHK's Science and Technical Research Laboratories since 1982. From 1988 to 1989 he was a visiting scholar at the University of Illinois, Urbana-Champaign, where he was involved in the design of shaped dual reflector antennas. In 1998-2003, he has worked in NHK's Engineering Administration Department engaging in media planning and international affairs, working with groups such as the ABU (October 1999 -), ITU-R (May 1995 -) and APT (December 1998 - 2003). In 2003, he was transferred to NHK's Science and Technical Research Laboratories. He is a chairman of the ABU Technical Committee (November 2006 -) and a vice chairman of the ITU-R SG6 WP6S (March 2002 -). He is now Executive Research Engineer in NHK Science and Technical Research Laboratories.
