# GENERATION CONNECT AMERICAS YOUTH GROUP (GC-AMS) MEMBERS

## **I. ABOUT**

The Generation Connect – Americas Youth Group (GC-AMS) aims at providing a unique participative process for youth to contribute to the work of the International Telecommunication Union (ITU) in the Americas region. GC-AMS will offer the youth a virtual platform to discuss opportunities and challenges related to digital technologies in the Americas region. Through this platform, youth will be able to share with the ITU Membership their interests, concerns and perspectives on digital transformation in the context of the upcoming World Telecommunication Development Conference 2021 (WTDC-21) and its Regional Preparatory Meeting for Americas (RPM-AMS) to be held from 26 to 27 April 2021.

The concept of GC-AMS has been elaborated by youth for youth. GC-AMS will aim at the elaboration of a crowd-sourced document to be presented by the digital youth envoys at the RPM-AMS. Afterwards, GC-AMS will continue its work, providing valuable contributions related to the organization of the WTDC-21 Generation Connect Global Youth Summit to be held on 06-07 November 2021, back-to-back with WTDC-21, 08-19 November 2021, Addis Ababa, Ethiopia, and also contributing to the main events and activities organized by the ITU in the Americas region.

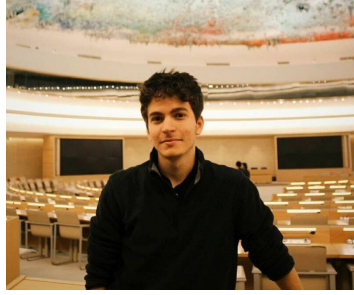

GC-AMS is carried out in line with the ITU Youth Strategy within the framework of the “Generation Connect” global initiative. It also contributes to the implementation of the ITU Regional Initiatives for Americas and benefits from the support of the Inter-American Telecommunication Commission (CITEL).
