

Dr. Keith Robert Dickerson, BSc PhD CEng MIEE MBCS

- Dr. Keith Dickerson is currently a Director of Climate Associates Ltd providing advice to major companies on issues such as Climate Change, Energy Efficiency, Smart Cities and Internet of Things (IoT). Keith was until the end of 2016 a Vice Chair of ITU-T Study Group 5 “Environment & Climate Change” where he led the development of Recommendations on topics such as energy efficiency, assessment of carbon reduction and Greenhouse Gas (GHG) emissions, mitigation and adaptation to climate change, and handling of e-waste. In 2016 Keith was appointed by the ITU Academy to develop a 21 module training programme on ICT & Climate Change which will be accredited to MSc degree level and includes modules on topics such as Energy Efficiency, IoT, Smart Cities, Smart Energy, Smart Mobility, e-Waste and e-Health. He has led workshops on these subjects at ITU-D Regional centres in Bangkok and Tunisia.
