

ITU-UNEP-UNU Joint Online Workshop

WEEE: Towards regional harmonization of national WEEE policies, regulations, and standards in the Arab States

02-03 Dec 2020, 14:00-17:00 PM (Cairo Time)

Overall objective of workshop:

The overall objective of this online workshop is to synergize the ITU, UNEP and UNU activities on the environmental sounds management of Waste Electrical and Electronic Equipment (WEEE), through a harmonized approach to regional WEEE policy development.

Objective of workshop:

The online workshop aims to explain the underlying concepts and the role that different stakeholders can play in developing WEEE management systems and the policy landscape (for example but not limited to: Business and Finance; Regulation; Technology and Skills; Monitoring and Control; Marketing and Awareness). The workshop will also highlight the importance of international standards in the sustainable management of WEEE and in the developing of WEEE legislation.

Programme

Day 1 - Wednesday, 02 December 2020

Session 1: Key WEEE definitions and concepts, data collection and regulation in the Arab Region

The session aims to:

- Introduce and refresh key concepts and establish common WEEE vocabulary,
- Update participants on WEEE data and regulation in the Arab Region,
- Foster discussion and perspectives from participants on the topics presented.

Moderator: Mrs. Vanessa Gray, Head of Environment and Emergency Telecom Division, ITU
