How to create an ITU User Account

Step 1
Access this link: https://www.itu.int/en/ties-services/Pages/login.aspx

Step 2
Create your ITU User Account by selecting your country and organization (as shown in the example below). If your organization does not appear, click ‘Create’ (see bottom left).
Step 3
Enter your organization name and address.

![Image of organization data entry]

**Input Organization name**

**Input Organization address. If you do not know the street and or Postal Code, input “111”**

Step 4
Enter your personal information.

**Complete the required fields**
Step 5
Verify that the information entered is correct.

Step 6
Check your inbox to validate your newly created ITU User Account.
Step 7
Activate your ITU User Account.

Step 8
With your user account credentials (i.e., e-mail address and password), you can now register.

**Note:** If you have any queries regarding your registration, please contact ITU-D Registration Service at: **BDTMeetingsRegistration@itu.int**
