## EXECUTIVE SUMMARY OF MY PRESENTATION

The title of my presentation is the ***Malaysian Spectrum Licensing Framework***. It is aimed at enabling the participants to obtain an appreciation of how radio spectrum allocation is planned and assigned in Malaysia. It will encompass the following:

- a) A brief background of the underlying legislative framework;
- b) The types of assignments allowed in Malaysia;
- c) Mechanisms to manage border coordination issues; and
- d) Examples of the types of services that require radio spectrum assignment.
