

## **Short Biography**

**Sudaporn Vimolseth** , the Vice President of TOT Academy, TOT Public Company Limited (TOT), formerly the Telephone Organization of Thailand.

As the Academy belongs to TOT, a leading telecommunication network and service provider in Thailand, Ms. Vimolseth assumes full responsibility for training and development of over 20,000 staff members nationwide to be well equipped with professional competence in order to cope with public services. Hence, she is evidently vital to the success and progression of TOT. Each year, she enthusiastically devises, models, and offers new curricula in conformity with ongoing demands and necessity of trends and cutting edges in technology, business management, and customer services.

Dating back 30 years ago, Ms. Vimolseth initially started her career at TOT Academy as an instructor and now becomes the head of this Academy. Throughout these memorably long years, she has developed and accumulated professionally unrivalled expertise in dealing with human resource in terms of planning and development, competency- based development, career planning and development, among many others.

Besides her leading role in TOT's HR development at the corporate level, Ms. Vimolseth also takes on a significant role at the international level. For instance, she took part in a regional forum for Asia Pacific Economic Cooperation Telecommunication and Working Group (APEC TEL WG) designated as the Deputy Convenor of HRD Steering Group of for a two-year term and Deputy Convenor of ICT Development Steering Group for another two year term and the Convenor of ICT Development Steering Group for two year term while resuming in charge of ITU ASP CoE - Business Management Node of Thailand and now Policy and Regulation and Broadband Access Node under the new ITU CoE structure.
