

Ting Ling Lee

Manager, Department of Spectrum Management & Development, SES

Based in Singapore, Ms. Ting Ling Lee is a Manager for the department of Spectrum Management & Development, overseeing the vibrant Asia Pacific Region. The scope of her responsibilities encompasses the coordination, development and protection of satellite spectrum.

She participates actively in ITU-R Working Party meetings, including regional meetings such as APT Conference Preparatory Group for WRC (APG) and APT Wireless Group (AWG), with the aim of defending the interests of SES as well as the satellite industry as a whole.
