Asia Pacific Digital Societies Policy Forum 2017

Session 3-1 Smart Cities and Key Lessons in
our Physical Environment

Dr. Hau Chen Mike Lee

What is really happening

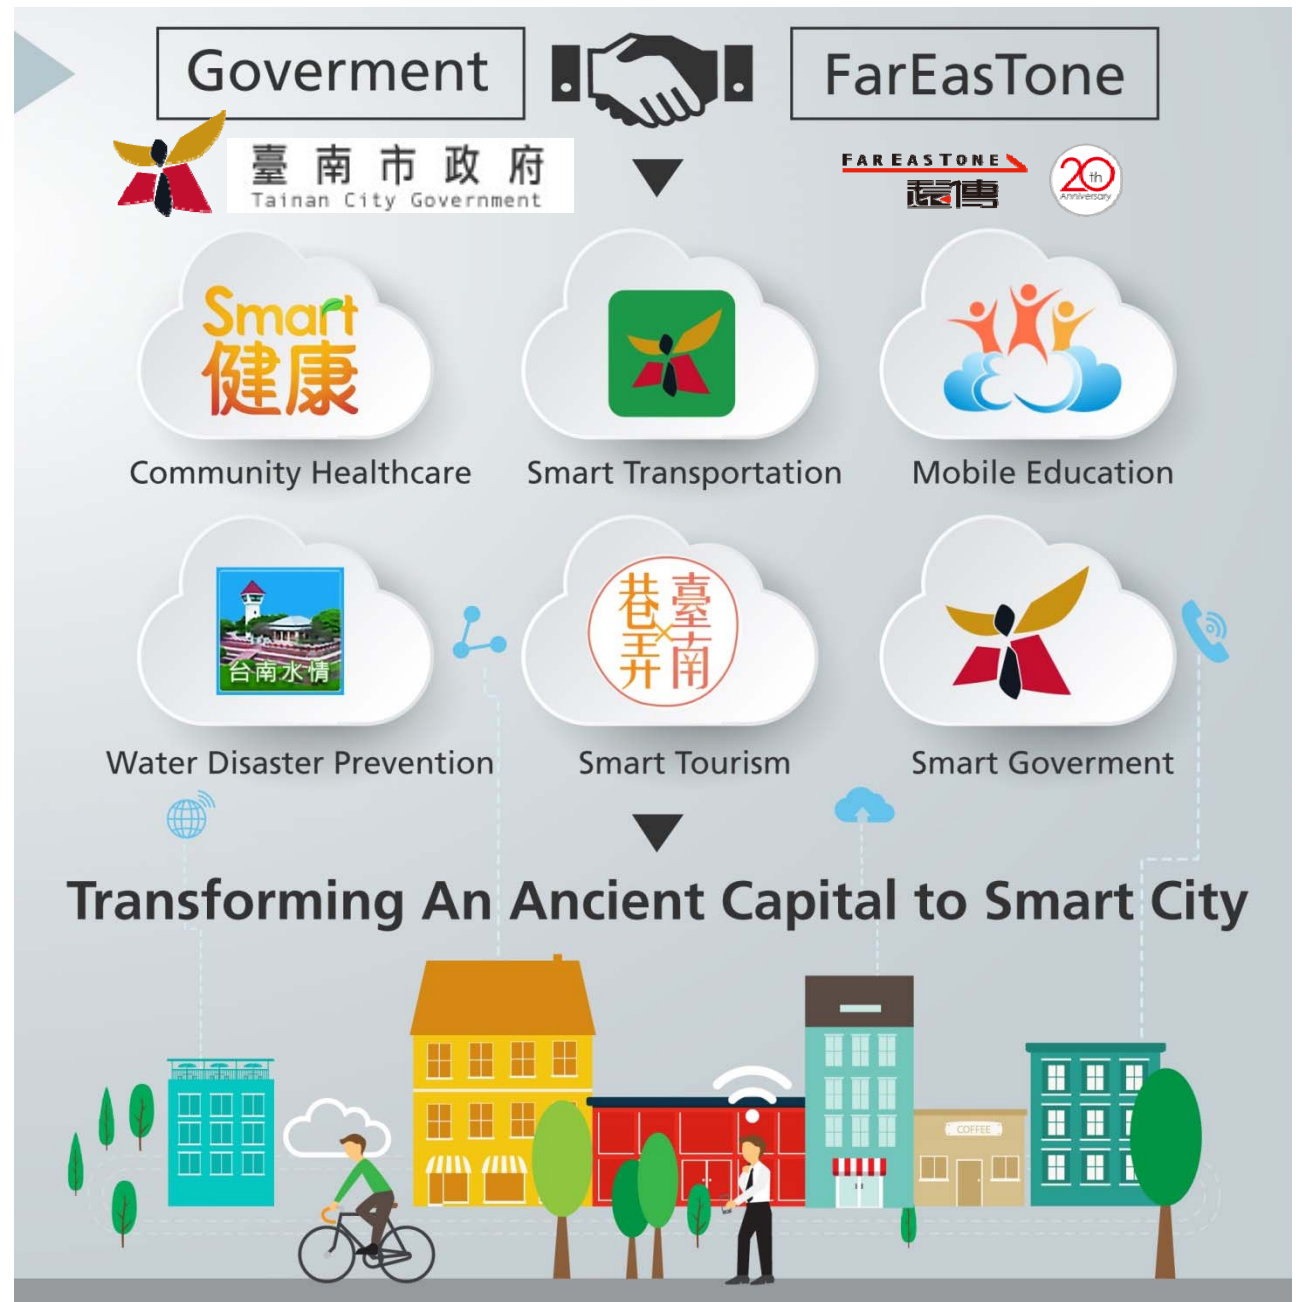

Deloitte University Press | dupress.deloitte.com

*In Tainan,
government +
telecom operator
formed
strategic alliance*

*2015 – 2017
for 2 years*

*Project size:
NTD\$800M*

- *Before projects even started, we had over 200 meetings to determine scope*
- *After countless project review meetings, many quarterly report to Ministry of Economic Affairs (MoEA)*

<https://youtu.be/ouRRbbUJNwA>

What FET learned

- *Government has shifting agenda over time, we need to be adaptive*
- *Citizen need to feel the impact of services, not just technologies*
- *Learn to listen to citizen's voice*
